

UPHOLDS NEWSPAPER PUBLICITY MEASURE

Decision of Supreme Court
Announced By Chief Jus-
tice White, Unanimous

REQUIREMENTS OF LAW

Attack Upon Statute Led By
New York Publishers—Many
Comply Under Protest

CONDITIONS NOT ARBITRARY

WASHINGTON, June 10.—The validity of the "newspaper publicity law" enacted in 1912 as a provision of the postal act was upheld today by unanimous decision of the United States supreme court. Chief Justice White announced the court's conclusions.

This law requires every newspaper, magazine, or other publication to file semi-annually with the postmaster general and the local postmaster, sworn statement of the names of the editors, managers, owners, stockholders and bond holders and in the case of daily newspapers of the average daily circulation. Publication of these statements is required and for failure to comply with any of the provisions the publication shall be denied the "privileges of the mail."

Must Mark Paid Readers.
A second paragraph provided that paid for editorial or reading matter of any "such" publication shall be marked "advertisement" under penalty of a fine or imprisonment.

About 88 per cent of the newspapers already have complied with the law, many under protest. The Lewis Publishing company and the Journal of Commerce and Commercial Bulletin of New York led the attack upon the statute.

They claimed that the law sought to "regulate journalism" and to enforce a "censorship of the press."

In reply former Solicitor General Bullitt contended that notwithstanding two typographical paragraphs in the statute, after the measure was passed by the house, the law has only one paragraph imposing conditions in both upon the use of the low second class mail rates accorded newspapers and magazines. The supreme court today adopted Mr. Bullitt's interpretation. The use in the act of the word "entered," a technical word employed only as to second class mail matter, showed, Chief Justice White held, that congress in passing the law had in mind only the second class mail and not the right to use the mail as a whole.

Refers to Second Class Mail.
The use of the words "privileges of the mail," the chief justice took to be a reference to second class mail, because of the great advantages newspapers were granted under the second class, over other classes of mail in order to promote the dissemination of current intelligence.

He said congress did not intend to include papers not complying with the provisions from the use of the mail other than the second class.

The second paragraph, it was explained was but a part of the first, as shown by the use of the word "such," an adjective merely being prescribed for administrative reasons only.

The legislative history of the provision, the chief justice declared, upheld the interpretation of the words "given by the court."

After interpreting the provision as imposing conditions upon the use of the second class mail, the chief justice proceeded to discuss why congress had the right to impose such conditions.

Mails Favor Newspapers.
A study of postal laws from colonial day to the present, he said, showed a persistent adherence to a policy of discrimination in favor of newspapers in the mails. He quoted Mr. Bullitt as stating letter mail was subjected to a charge eighty times higher than newspapers and that letter mail produced an annual profit of seventy millions, which the newspaper class entailed a seventy million dollar annual loss upon the government. As a further discrimination, he said, individuals must pay a higher rate for mailing newspapers than the publishers or news agents.

FOUR KILLED WHEN TRAIN STRIKES AUTO

THREE CHICAGO MERCHANTS DIE
IN RIVERTON ACCIDENT

All Were Owners of Drygoods Stores
—George Bartel, Chauffeur, of
Springfield, Dies at Hospital—Sim-
ilar Accident in Iowa.

SPRINGFIELD, ILL., June 10.—Three men were instantly killed and one was fatally wounded this afternoon when a westbound Wabash passenger train struck an automobile at Riverton, eight miles east of this city.

From letters in the pocket of one of the men, he is supposed to be R. J. Carroll, 780 Milwaukee avenue, Chicago.

Another of the men killed is supposed to be E. Iverson, 1326 Milwaukee avenue, Chicago, as letters addressed to E. Iverson and Company at that number were found on his person.

The third man killed had the name S. J. Taure engraved on his watch. He too, is supposed to be from Chicago.

George Bartel of Springfield, son of Matthew J. Bartel, the driver of the car, was brought to this city on the Wabash train which struck the automobile and taken to St. John's hospital, where he died at 5:10 o'clock.

Were Chicago Merchants.

Chicago, June 10.—The three Chicago men who met death in the Springfield automobile accident all were owners of drygoods stores here. They had gone with a party of drygoods men to Springfield to interest themselves in a labor bill.

R. J. Carroll was president of the S. J. M. Carroll company.

Emil Iverson, 51 years old, was president of E. Iverson Merchandise company. He is survived by a widow.

J. H. Gauer is president of the J. H. Gauer Drygoods company. He was 45 years of age and survived by a widow and five children.

Two Killed in Iowa.

Carroll, Ia., June 10.—A Chicago & Northwestern train crashed into an automobile near here today, killing Lena and Rebecca Dudley, daughters of Mr. and Mrs. R. M. Dudley of Nashville, Tenn. The latter and a negro chauffeur were injured but will recover. Dudley, who is a hardware merchant in Nashville, Tenn., was on an automobile tour with his family.

BUILDING OWNERS AND MANAGERS MEET.

Cincinnati, O., June 10.—Many important subjects of interest to building owners and managers will be discussed by recognized experts at the sixth annual convention of the National Association of Building Owners and Managers, which opened here today with a large attendance and will continue through the rest of the week. Lectures will be delivered and a number of vital topics will be the subjects of fifteen-minute discussions at the sessions of the convention.

SENATE COMMITTEE BEGINS STRIKE PROBE

Calls for Records Prior to
And During Martial Law
In West Virginia

BORAH OPENS CASE

Activities of State Authorities
In Connection With Strike
Will Be Investigated

OPERATORS FILE BRIEFS

CHARLESTON, W. Va., June 10.—The power and authority of the government of the United States came to West Virginia today to determine who is responsible for the conditions which have kept the state in virtual civil war for more than a year. Opening the investigation of the coal mine strike which has dealt death and destruction in the Paint Creek and Cabin Creek mining sections, the senate mine strike investigating committee tonight called upon the military authorities for the records of the proceedings prior to and under the declaration of martial law in the strike territory.

Officers Are Summoned.

Judge Advocate General George S. Wallace, Adjutant General Charles D. Eliot, Major I. Pratt, Captain C. R. Morgan and Captain Samuel L. Walker, were summoned before the committee this evening to present the state records regarding the declaration of martial law and the proceedings of the military committee which was placed in authority in the strike district. Senator Borah of Idaho desired their testimony and their records as the basis for the branch of the inquiry which he is conducting as to the charge that citizens have been "arrested, tried and convicted in violation of the constitution or the law of the United States."

Sensor Borah Opens Case.

Opening his case under the section of the senate resolution authorizing the investigation which directs an inquiry into this subject, Senator Borah, at a brief session of the committee this afternoon, read into the record several excerpts from the constitution of West Virginia. The first was the provision declaring that the constitution of the state and the United States shall always be in effect. The second provision declared that under no circumstances shall the right of habeas corpus be denied. The third was the usual provision that no citizen shall be deprived of life, liberty or property without due process of law. The fourth set forth that the military authority shall not supersede the civil powers, even under the plea of necessity and others, provided for trial by jury in open court for all criminal offenses.

The activities of the state authorities in connection with the strike will be probed by the committee in view of these constitutional guarantees and the charge that the mine workers have not been accorded their full rights will be investigated with these provisions in mind.

Neither the attorneys for the mine operators nor the workers were prepared to begin the examination of witnesses when the committee opened its hearing this afternoon and the first witness was not called until the committee met tonight. A formidable array of counsel was on hand, however. For the miners there appeared Frank S. Monett, former attorney general of Ohio; Seymour Steadman of Illinois; and M. Belcher and H. W. Houston. The operators were represented by Z. T. Vinson, E. W. Knight and C. C. Watts with a half score of assistants.

Lengthy Statements Filed.

Two lengthy preliminary statements were filed with the committee by the attorneys for the operators. The first was filed by Mr. Vinson for the operators generally and the second by Mr. Watts for the Paint Creek Collieries company. Both were pleas of not guilty and both denied in detail and in toto the charges made in the resolution passed by the senate authorizing the inquiry.

The operators in their brief made the countercharge that the United Mine Workers of America in its attempts "to organize" the coal miners in the West Virginia field was responsible for the violence which has characterized the strike. They denied all knowledge of peonage in the fields; defended Governor Glasscock for declaring martial law and Governor Hatfield for continuing it; declared they expected to prove conspiracy on the part of the United Mine Workers for diminishing the competitive ability of West Virginia coal in the market; also that firearms and ammunition were brought into the state for acts of lawlessness and violence.

The committee made a call of courtesy on Governor Hatfield. The governor said he would aid the investigators in any way possible and expressed a desire that the investigation be full and complete.

UTILITY BILL SENT TO THIRD READING

HOME "RULE" FEATURE OF MEASURE
ELIMINATED

Many Appropriation Bills Are Ad-
vanced in Both Houses—Senate
Passes Measure Providing \$300,-
000 for an exhibit at Panama-
Pacific Exposition.

SPRINGFIELD, Ill., June 10.—With the "home rule" feature eliminated and providing one commission for the entire state, the administration public utility bill as reported by the house public utility committee was sent to third reading today.

On a roll call "Article Six" of the committee bill providing separate commissions for cities under 20,000 population and permitting cities over 20,000 to come under the law upon a referendum vote was stricken out. This amendment which in effect eliminated the home rule feature from the bill was adopted by the house by a vote of 59 to 57.

It is believed that the house will pass the measure when it comes up on third reading. Many appropriation bills were advanced in both houses. The senate passed a bill appropriating \$300,000 for an Illinois exhibit at the Panama-Pacific exposition in San Francisco in 1915. It is probable that the measure will pass the house without opposition.

The house passed a bill providing for registration of trained nurses under direction of a state board.

The senate this afternoon unanimously adopted Senator Magill's joint resolution petitioning President Wilson to issue a proclamation designating November 19, 1913, the fiftieth anniversary of the delivery of Abraham Lincoln's Gettysburg address as a day for public thanksgiving and to dedicate ourselves anew to the American principles of liberty and justice.

Boxing Bill "Counted Out."

The boxing bill was "counted out" tonight by the house when only 48 members voted for it, while 59 voted against it. The number of votes cast for the bill was 31 short of the number necessary to its passage. Further consideration was postponed.

During the discussion of the bill Representatives Fitch, Wood and Wilson were jeered by friends of the boxing bill.

Representative Wilson of Quincy refused to be hooded down and amid cries of "call the roll" he declared: "When such an important bill as is under consideration, I don't propose sitting still in my seat and let it go by. This bill would be a disgrace to the state and the Democratic party and you gentlemen will put your dear governor up against a proposition that will put him ob- livion if you ask him to vote for the bill. The roll call resulted in the defeat of the measure."

GAMMA DELTA SOCIETY IN FIRST ANNUAL REUNION

Gathering Held at Colonial Inn—
Miss Cole in Role of Toastmistress
—Nucleus of Activity of Illinois
College Women.

The Gamma Delta Literary society of Illinois college, an organization of young ladies, held its first annual banquet Tuesday evening at Colonial Inn. This society has been organized two years. It was a brilliant and enthusiastic body of thirty students who gathered around the festive board. It is now a decade since the girls were admitted to Illinois college and the gathering was significant from the fact that the girls' literary organization from now on is to play an important part in the history of old Illinois and will be the nucleus of the activities of the Illinois college women.

The decorations for the occasion were masses of pink roses and geraniums and in the excellent menu offered the gold service was used.

Miss Stella Cole was named as toastmistress and toasts were responded to by Miss Gruenewald, '11; Miss Crouch, '12; Miss Clark, president of the society; Mrs. C. H. Rammelkamp, and Miss Smith. The program was concluded by singing several college songs.

RETURNS FROM MT. STERLING VISIT.

Miss Sue Fox of Caldwell street has returned from Mt. Sterling where she has been attending a house party at the home of Miss Edna Allison a former Woman's College student. While in Mt. Sterling Miss Fox read several selections at a party given for the young ladies and also read a sacred selection at the M. E. church Sunday morning.

MET CHICAGO FRIEND.

Edward Clifford of Chicago, who is here to attend Illinois college commencement events yesterday specially invited meeting several members of the Chicago Association of Commerce. Two years ago Mr. Clifford acted as vice chairman of the delegation which went out to the Pacific coast.

FROM CANADA.

Joseph Sinclair whose home is in Ashland but who represents the interests of the International Harvester Co., at Saskatoon, Province of Saskatchewan, Dominion of Canada, was visiting with friends in Jacksonville Tuesday and attended the Phi Alpha banquet.

JURY CRITICISES REVENUE OFFICIALS

Report Ends Long Probe
of Compromise in Oleo-
margarine Cases

RETURN NO INDICTMENTS

Find Difference of \$800,000
Due Government That Had Not
Been Included In Agreement

JUDGE MAKES NO COMMENT

CHICAGO, June 10.—The United States grand jury, which for four months has been investigating the tax compromise between internal revenue agents and oleomargarine manufacturers, returned a report to United States District Judge Landis today, criticising the revenue officials for permitting the compromise.

Return No Indictments.
No indictments were returned, the grand jurors declaring that as they had been informed that any such action must be brought in the district of Columbia, they had given no consideration to this branch of the inquiry.

A tax claim of \$1,200,000 was settled by the payment of \$101,000 just before the close of the Taft administration. The \$1,200,000 was claimed by the government on the tax rate of ten cents a pound on artificially colored oleomargarine. The manufacturers claimed exemption as the color was due to an oil and not coloring.

The grand jury reported that instead of \$1,200,000 there actually had been due the government more than \$2,000,000. This difference of more than \$800,000 the jurors found had not been included in the claims compromised and recommended that steps be taken to collect the tax on this unpaid amount.

Manufacturers Cleared.

The oleomargarine manufacturers were cleared of any charge of misrepresenting their affairs to the government and the grand jury added, "no charge of fraud can be made against them."

R. M. Cabell, then commissioner of internal revenue, was blamed for permitting the compromise to go into effect and for his failure to present to the jurors essential information. The report recommends that congress should investigate the law conferring power upon the commissioner of internal revenue to make tax compromises with a view of modifying or repealing the statute.

The report closed with a list of manufacturers it said were not included in the compromise. The largest of these were:

W. J. Moxley company, \$285,000.
G. H. Hammond & Co., \$217,000.
Capital City Dairy company, \$107,000.

The Ohio Butterine company, \$95,000.

Companies Entering in Compromise.
The companies entering in the compromise and the claims first assessed against them were:

Armour & Co., \$122,886.
W. J. Moxley company, \$334,167.
United States Butterine company, \$68,321.
G. H. Hammond & Co., \$213,657.
Capital City Dairy company, \$266,434.
Friedman Manufacturing Co., \$79,875.
Ohio Butterine company, \$136,331.
Clayton Manufacturing company, \$38,875.

Judge Landis refused to make any comment on the report.

DROPS DEAD WHEN TOLD SOX CAN'T WIN.

Chicago, June 10.—Fred J. Porter, an admirer of the Chicago American League ball club, got so greatly excited today when friends told him that the advent of Hal Chase would hoodoo the Chicago club, that he dropped dead. Porter lost his temper when two friends joked him. "The Sox can't win another game now that Chase is with them," they said. Porter walked a few steps away and dropped to the floor dead. Physicians said death was due to heart disease.

BECOMES INSANE ON STAND.

Uniontown, Pa., June 10.—Mrs. Mary Moss sat testifying on the witness stand in court here today, where she was on trial for murder, when she went insane and had to be overpowered and taken back to jail. The jury then brought in a verdict of not guilty because of insanity. Mrs. Moss was charged with the murder of Miss Hattie Paterson on March 26, last at Watersburg this county.

WILL ATTEND MR. BARTEL'S FUNERAL.

George Bartel of Springfield, who met a tragic death at Riverton Tuesday, when a Wabash train crashed into an automobile, was a cousin of Mrs. C. L. Degen of this city. Mrs. Degen, who was notified by telephone of the awful accident, will go to Springfield today. The Bartel family has long been prominent in Springfield.

CHARLTON WILL BE DELIVERED TO ITALY

DECISION ANNOUNCED THREE YEARS
AFTER DISCOVERY OF WIFE'S BODY

New York Bank Clerk After Long
Fight Will Face Charge of Mur-
dering Wife While on Honey-
moon in Como, Italy.

WASHINGTON, June 10.—Three years to a day after the discovery of the body of Lake Como, Italy, Porter Charlton lost his last fight against being turned over by his native land to the Italian government for trial on a charge of murder. The supreme court today sustained the state department's decision to deliver Charlton in compliance with Italy's demand.

Charlton was a bank clerk in New York and his father, Paul Charlton, classmate of ex-President Taft and until recently federal judge in Porto Rico. The young man has been held in jail in New Jersey since his arrest nearly three years ago.

Insanity was alleged as the main ground for opposing Charlton's removal to Italy and it was further contended that the United States could not extradite one of its citizens to Italy inasmuch as that country had refused to extradite its subjects to the United States.

The supreme court held today Charlton had no right to present evidence of his insanity at the extradition hearing and that the contention as to the power to extradite was erroneous. Justice Lurton, in announcing the court's decision, however said that "impressive evidence of insanity" had been offered on Charlton's behalf. It is believed a way will be found to present this conclusion at Charlton's trial in Italy.

"The mandate" of the supreme court will be issued shortly after the court adjourns for the summer, June 16th. The Italian embassy here will take no further steps in the matter, leaving action as may be necessary to the Italian consul general at New York.

DIRECTORS OF ILLINOIS ALUMNI FUND ASSOCIATION MEET AND ELECT

Session Held Tuesday Afternoon—
Large Increase in Membership
Shown.

Directors of the Illinois College Alumni Fund association held their first annual meeting since the incorporation Tuesday afternoon at the association headquarters in the Ayers National bank building, adopted a constitution and by-laws and elected the first board of directors in accord with the plan laid down by the association, as follows:

Term expiring 1914—C. W. Holtcamp, ex-'82; H. J. Dunbaugh, '99, and Edward Capps, '87.
Term expiring 1915—C. E. Epler, '76; Albert Baldwin, '90; Walter Bellitt, '95; R. J. Frackelton, '88.
Term expiring 1916—Roy Z. McKown, '07; E. W. Blatchford, '45; R. I. Dunlap, '03; T. P. Carter, '85.

The following officers were elected:
Chairman—Edward Capps.
Secretary—Walter Bellitt.
Treasurer—Ralph I. Dunlap.

The reports of the officers showed the membership had increased to more than two hundred fifty, representing alumni in all parts of the country and representing also fifty-nine of the seventy surviving classes that have graduated from the college. The total subscriptions for the year are in the neighborhood of \$1,8000 with prospects of a steady and continued growth.

Appropriations were made for campus improvements, alumni catalogue, athletic department and salaries amounting to \$550 and a very large addition was made to the alumni fund endowment.

The directors present were: Messrs. H. J. Dunbaugh of Chicago, T. P. Carter, R. I. Dunlap and Walter Bellitt of Jacksonville and Edward Capps of Princeton, N. J.

THE SALVATION OF A SOUL.

A friend of the late Dr. Edward A. Tanner recently came upon the following paragraph from a sermon he preached in June, 1885. The beautiful thought is as beautifully expressed as follows:

Once let the power of the highest overshadow a soul and make itself felt in that soul's regeneration, and that soul's salvation is secure. There is joy in heaven whenever a sinner turns to God and straightway the recording angel writes the new name in the Book of Life. Are there those holy choirs sometimes deceived? Do they sing now and then a premature song? Does the scribe make false entries and blot them out again? Is that blessed catalogue blurred here and there? Nay, that is a joy forever. That song shall never turn to a dirge for a lost soul. The entry, "born again," means God's child for eternity.

SPANISH WAR VETERANS AT WATERLOO.

Waterloo, Iowa, June 10.—The city is gaily decorated with flags in honor of the Spanish-American war veterans who opened their annual state convention here today. The meeting will last two days and while the forenoon will be devoted to the transaction of the regular convention business, there will be many entertainment features to fill out the rest of the two days.

WANT ANTI-DUMPING CLAUSE ELIMINATED

Senate Leaders Object to
Feature On Ground That
It Is Discriminatory

ALL CEDAR LUMBER FREE

Majority Members of Committee
Also Increase Duties On
Other Lumber

REDUCE DUTY ON OATS

WASHINGTON, June 10.—Elimination of the anti-dumping clause of the Underwood tariff bill which would exact additional duties on imports sold in this country at less than the foreign market price was recommended to day by the senate finance sub-committee in charge of the administrative features of the measure.

This clause as it passed the house was not extended to articles on the free list and was objected to by the senate leaders on the ground that it was discriminatory. The sub-committee still is laboring with the provision also objected to by foreign countries which would require foreign manufacturers to submit their books in cases of valuation disputes. This is certain to be modified if not stricken from the bill.

Begin Considering Reports.

The majority members of the committee began to day the consideration of sub-committee reports and ratified changes in the chemical and lumber schedules which materially enlarge the free list. All cedar lumber is placed on the free list instead of being dutiable at ten per cent and slight increases and decreases are proposed in the duties on other lumber.

In the chemical schedule practically all coal tar dyes either have been materially reduced or placed on the free list and tannery extracts were reduced. Tomorrow the committee will take up other schedules and will endeavor to have the bill ready for the Democratic caucus next week.

Committee Increases Duty.

The sub-committee in charge of the agricultural schedule came to a conclusion to day relating to the much discussed rates on oats and oatmeal. The Underwood bill made dutiable at 16c a bushel, oatmeal and of six cents on oats except for feed oats on the free list. In equalizing them the senate sub-committee has now decided to recommend a duty of six cents on oats, except for feed which shall be nine cents and a duty of 55 cents per hundred pounds on oatmeal and rolled oats. In addition to the proposed countervailing duty on cattle another provision being considered in the chemical schedule is that cattle should not come in free from any country which does not require as rigid inspection of live animals as does the United States.

LITZELMANN FUNERAL HELD.

The funeral services of Mrs. Louisa Litzelmann were conducted Tuesday morning at 9 o'clock from the church of Our Savior, in charge of Rev. Father Formax who celebrated mass and Rev. J. W. Crowe who preached the sermon. The beautiful flowers were cared for by Mrs. William Hairgrove, Mrs. George Smith, Misses Jeanette and Margaret Alexander. Interment was made in Diamond Grove cemetery and the bearers were John Noonon, John Cleary, Otto May, Fred Degen, Milo Edson and George Schmalz.

TO ATTEND CONVENTION.

C. L. DePew expects to leave to day for Sterling, Rock Falls and Ottawa and Monday will go to Antlers Park, Minn., to attend a state Sunday school convention and chautauqua. The chautauqua is to last ten days and Mr. DePew has two hours a day on the convention school program.

FUNERAL NOTICE.

Funeral services for John J. Thompson will be held at the late residence, 1440 South Diamond street, this afternoon at 3 o'clock in charge of Rev. Clyde Darsie, pastor of Central Christian church. Interment will be made in Diamond Grove cemetery.

GRACE CHAPEL.

Mrs. J. A. Smith of Concord visited relatives in this community during the past week.

Mrs. Hattie Farmer and daughter, Florence, of St. Louis are visiting Mrs. Hannah Farmer and other relatives of the Grace Chapel neighborhood.

Elder Baxter Hale went to Chandlerville Sunday to fill his regular appointment at the Baptist church at that place. Susan M. Smith spent Tuesday afternoon with Mrs. J. R. Ginder. Miss Millie Wiswell spent last week with Mrs. Fred Brainer.

Mrs. Douglas Turley and Miss Florence Mullins visited Mrs. John McFadden Wednesday.

Mr. and Mrs. Clifford Wiswell were Jacksonville callers Friday.

William Fuller of Jacksonville was transacting business in these parts Tuesday.

Children's day services were held at Grace Chapel church Sunday afternoon. Long before the hour appointed to begin the service people began to come and the church was filled to its utmost capacity, many being unable to get inside. The children all did well, considering the time in which they had to learn their parts, for Mothers' day crowded upon the time this year which was usually given for the preparation for Children's day. The chapel people appreciated the attendance, attention and contribution of those present.

The offering which amounted to \$8.50 will go to help our brothers and sisters in far off Japan. The following program was rendered:

DR. ATHERTON SERIOUSLY ILL.

A. H. Atherton has received word that his father, Dr. Albert Atherton, is quite ill at his home in Pleasant Plains as the result of the influenza.

Plains as the result of the influenza of old age. Dr. Atherton is now 85 years old. He was a student at Illinois college in 1838 and after leaving college he studied medicine in St. Louis, graduating as a M. D. For many years he has been a practicing physician and prominent in Sangamon county.

ALL DAY MEETING.

The Concord Christian church will hold an all day meeting Sunday.

There will be preaching at 11 o'clock speaking and select music at 2:30 o'clock and preaching again at 8 p. m. A basket dinner will be served on the lawn at noon.

Points for Mothers

Happy Names.

There is little doubt that the fervent wish of every mother's heart is that her child's life may be a happy one; so, in furtherance of this desire, the young mother cannot do better than give her baby a "happy" name with which to start life!

Every one is familiar with the names Ada and Ida, but perhaps their beautiful meaning of "happy one" is not always equally well known. Then Felicia and Felicity (happiness) are used in several countries. In France, under the form of Felice (happy), and Felicitate (happiness); in Italy as Felice and Felicità; in Spain, Felicidad; and in Portugal as Felicidade.

"A happy messenger" is signified by Evangelina, Evangelina and Evangelista. The shorter form, Angelina, Angelina, Angela and Angel mean a "messenger" (from God).

Letitia and Letty both mean "gladness," while Allen and Allan denote "cheerfulness."

Another name, not so much used as it deserves to be, is the pretty Hilary, which also reveals the same virtue.

Joy should assuredly be the inheritance of those christened so, or by the uncommon and beautiful name Aine (joy), a title borne by a famous Irish queen of the fairies.

"Merry," or "sportive," is the signification of the names Joyce, Jocosa and Jocelin, but two somewhat similar names, Joycelin and Jocelin, mean "just."

Mabel, ever popular and ever loved, denotes "mirth." It is not so often erroneously imagined, derived from the two French words Ma Belle, but from the old Irish word "Meadhall," a shout of mirth.

Eustace is one who should be "happy in harvest," while the rare but lovely Greek names Eudora (happy gift) and Eunice (happy victory) are indeed worthy of notice.

And since true happiness is mainly dependent upon nobility of life and character a selection may be made from the class of "noble" names, which include such familiar ones as Ethel (noble) and its combinations—Ethelburga (noble protection), Ethelred (noble counsel), Alice, Adelaide, Adela and Adele (noble cheer); Adeline (noble manner), Athelstane (noble stone), Albert (noble bright) and Alaric (noble ruler), or from the "kingly" names—Roderick (famous king), Richard (stern king), Tiernan (kingly), Stephen (a crown), Robert and Rupert (bright fame) and Rex (a king).

The Disorderly Child.

If I had only realized when I was a child how much more work it made to have people disorderly and careless about their things I am sure I should have been more careful, but I didn't realize, writes Ruth Cameron in the Milwaukee Sentinel.

That is the oft expressed sentiment of one young woman who has recently gone to housekeeping in a home of her own. And I fancy there are many of us who could say the same thing—we didn't realize. And not about that matter only, but about many matters.

I have heard it said that children are naturally selfish. I beg to differ. I think they are naturally full of the most generous impulses. But I do admit that they are naturally thoughtless, and that is what makes them seem selfish. It is not that they would be deliberately selfish and unkind. It is just that they have lived so short a time that they do not understand the trouble and pain and self denial they may be the cause of. They just don't realize.

I once knew a wise mother who grasped this fact and based her training on the effort to make her children realize exactly what they were doing when they were thoughtless or careless or unreasonable.

For instance, take the very matter of which the young housewife spoke. This mother had a daughter who was terribly slack about leaving things around. She would come into the house and leave her coat on one chair and her fur on another, throw her gloves on the table and put her hat pins on the mantelpiece and only put away her hat because she was afraid something would happen to the feathers if she didn't. Her mother talked and talked to no avail. Finally she decided to make the daughter realize the trouble she was causing. So she told her that for the next week she (the mother) would not pick up one thing that any of the children left lying around, that her daughter must keep the house in order as a punishment for past misdeeds and that if she failed to do so she would not be allowed to go to a certain function to which she was looking forward.

Outdoor Sleeping For Babies.

Perhaps one of the best things that is being done for the baby nowadays is the general provision that is made for his sleeping out of doors. Throughout the suburbs one sees on scores of houses attractive sleeping porches where the children of the family of all ages sleep, gaining health and the power to resist the colds that used to be accepted as an inevitable part of the child's winter program. A baby that sleeps out of doors for the greater part of the year is far more robust than the one that is coddled and guarded against possible drafts and exposure.

MATRIMONIAL

Weber-Adams.

A dignified simplicity characterized and made notable the nuptials of Miss Hattie C. Adams and Mr. Carlton Weber Tuesday evening. Rev. W. L. Dorgan, pastor of the First Baptist church performed the ceremony at eight o'clock at the home of Mr. and Mrs. J. W. Chilchase, parents of the bride on West College street. The guests invited were limited almost wholly to immediate relatives of the young people.

The home was very tastefully decorated with spring flowers and as they followed the words of the service the bride and groom stood before a bank of palms and roses in the living room. Mr. Earl Richardson at the piano played Mendelssohn march and at eight o'clock the wedding party entered the living room. Misses Anna and Dorothy Weber, Ruth and Dorothy Chilchase with silken ribbons formed an aisle. They were followed by the brides maid, Miss Edith Adams of Evanston and the bride and groom to be. While the music still sounded the party stood before Rev. Mr. Dorgan and with the beautiful ring service plighted their troth.

The bride was gowned handsomely in white satin and carried a shower bouquet of brides roses and anemones. Miss Adams wore pink chiffon and carried a basket of pink roses. The other young ladies in the party were in white. Altogether there was a sweet simplicity about the service which made it especially effective.

After extending their congratulations the guests were invited to the dining room for the wedding supper. At ten o'clock Mr. and Mrs. Weber left in an automobile for Roodhouse where they took the Alton hammer for Kansas City. They will go to Colorado for several weeks and after their return will be at home at 409 East North street until a home they will build is completed.

Mrs. Weber who has for several years been a teacher in the Jacksonville schools, is very active in the various organizations of the First Baptist church and is a young woman of many graces. Mr. Weber who is a son of Mr. and Mrs. Herman Weber is a bookkeeper in the bank of Farrell & Co. He too is prominently identified with the Baptist church and in L. O. O. F. affairs. He is counted one of the strong young men of Jacksonville and he and his bride begin their married life in a very auspicious way.

Among the guests present were Mr. and Mrs. A. Wrenster, Mr. and Mrs. G. R. Adams, Mr. and Mrs. A. W. Wigginton, Mr. and Mrs. Gay Lowenstein all of Whitehall; Mrs. M. M. Henry of California and Miss Virginia Beacraft of the city.

Its the way the suits sold by Garland & Co. are tailored that make them superior.

TO ATTEND WEDDING.

Mrs. Oliver Capps and Mrs. George King Moore left yesterday for Delaware, Ohio, where they will attend the commencement exercises Friday of the Ohio Wesleyan university and June 25 will attend the wedding of Miss Mariam McCabe to Mr. Harold Hoover, which will take place at the home of the bride's parents, Mr. and Mrs. John J. McCabe at Delaware. The bride is a sister of Mrs. Moore and a niece of Mrs. Oliver.

HEADACHE CURE.

Common Sense Living and Right Thinking Remedy For Most Ills.

There are two attitudes of the housewife to a headache. She makes it an excuse for shifting her duties, neglect of her house and general discomfort of her family, or she accepts it as inevitable and runs her house with needless pain and discomfort to herself.

There may be an occasional woman who must be a martyr to headache. The majority will find the pain curable if the cause be traced. Do not think "Another of my awful headaches" and grit your teeth for bearing with what philosophy you can. Far more to the point is to think, "Why should I have another?"

Most headaches can be cured by common sense living and ordinary care of the functions of the body. In treating a headache, first find out the cause.

If the housewife awakes with a headache each morning she may be short of ventilation in her room. Let no fear of draft or consideration of hangings or furniture lead her to sleep with closed windows. Nor should she think a window raised an inch or two meets fresh air needs.

Anemia causes headaches. If the blood is thin and the flow sluggish you are sure to be a martyr to your head. Plenty of exercise, especially in the open air, and a good blood tonic will soon work a cure. Women of sedentary life, who use their brains overmuch, are especially prone to this type of headache.

Overwork, overworry and fretting are prolific causes of headache, especially with the nervous, high strung woman who takes too much out of herself, then generally takes the rest out of her family. Cure? System, punctuality, learning to let things slide, more rest and sleep and an acquired philosophy.

Heel and Toe Protectors.

Stockings and socks now have detachable heel and toe portions, which can be removed from the body of the sock or stocking and similar portions substituted for them when they become too worn to be repaired. These detachable portions are the same shape and for that reason are interchangeable for both heel and toe, avoiding the necessity for utilizing or keeping two different kinds of spare portions, one for the heels and the other for the toes of the socks or stockings. The spare portions are knitted together in one piece, which makes them less liable to become mislaid or lost, as would be the case of a number of separate portions.

A Hidden Streak.

Aunt Nancy from old Virginia says: "That's not one o' us but what ain't got a streak of pure cussedness somewhere in dere bones, but so long as it's done kep' hidden an' we don't give it no chance to see daylight we kin sho'ly keep dat onery streak from mixin' wif our blood, deed we kin!"

Quick Mustard Plaster.

A trained nurse says that if one forgets the exact proportions for making a mustard plaster one can be quickly made by cutting a thick slice of bread, dipping it for just a second in hot water, then spreading with white of egg and sprinkling thickly with mustard. The egg will prevent blistering.

AT THE GRAND.

Again last night the Romany Opera Co. at the Grand amazed their hearers by the extraordinary singing. It can truly be said that nothing like it has ever been heard in Jacksonville. The audience seemed to inspire the singers with a desire to out-do themselves for they rendered the numbers as only Italians can, and the theater fairly rang with their voices. This afternoon at the matinee they will sing a selection from Martha, introducing "The Last Rose of Summer," and in the evening a selection from Carmen will be given.

This is really a feast of music, and the whole act bears the atmosphere of the true Italian lightness of the heart, particularly noticeable in the Italian Folk Songs, which are rendered. The orchestra, ably handled by Mr. Scofield, was particularly fine. It consists of seven pieces and the way they handle the difficult music set before them is really remarkable. Go and hear this little company of genuine artists and you will not regret it and moreover you will be surprised.

The Highest Ideals, Applied to Public Service

Back of every institution is an Ideal, a certain standard and conception.

The single Ideal of the Bell Telephone organization is Service which shall be Good and Adequate in all its phases.

To attain this ideal, high scientific apparatus, together with efficiency methods in operating must be evolved, a harmonious, well-disciplined organization must be built up, commercial methods must be perfected, the financial conduct of the enormous business must be above criticism, and the problem must be solved of growth and development to meet an unparalleled public demand.

These ideals are being realized in Bell Universal Service.

COMMENCEMENT AT SCHOOL FOR DEAF

SIX PUPILS RECEIVE DIPLOMAS FROM INSTITUTION.

Large Audience Attends Annual Exercises Held in Chapel—Hon. George H. Wilson Heard in Able Address.

The annual commencement exercises of the State School for the Deaf were held Tuesday afternoon in the chapel of the institution. The attendance was unusually large, a great many being present from out of the city. The address of the afternoon was by Hon. George H. Wilson of Quincy, a member of the state legislature. Six students were awarded diplomas, Mary Claus being valedictorian.

The chapel was appropriately decorated for the occasion. On the platform were lilies, fox gloves, shastid, corceopsis, artistically arranged and above the platform was the class motto "By Perseverance", worked in white and gold the class colors. The program was interspersed with some splendid music by Jeffries orchestra. The program opened with music and prayer was offered by Rev. R. O. Post of the Congregational church.

Address by G. H. Wilson.
Mr. Wilson prefaced his address by referring to the time he was a resident of Jacksonville, some twenty-five years ago when he graduated from Illinois college. He stated that he did not feel he was a stranger and since coming to the city as he had met so many old friends. "The State Legislature" was the theme of the speaker's address, and Frank Reed acted as interpreter. He said in part "It is astonishing to know how little the average citizen knows of the state legislature and its workings, something that all should be acquainted with. This business of the state is big one. The state government is a reserved power and it is highly important that every citizen should know of our law making body. Why the power of this body is so great that if you don't look out you are likely to wake up some morning and find you have been legislated out of the state. There has been much unjust criticism of the legislature, but I am here to tell you that some of the grandest men of the state are its members. If there are men in the legislature who are not what they should be, the people who put them there are to blame. I have little respect for the citizen who has no time to become interested in public affairs. He is the man who allows the mean man to creep into the state house. If the average citizen would be more thoughtful, the member of the legislature would be picked with more carefulness. I expect it would be embarrassing to some of you men if I should ask as many as voted at the last primary to stand up. I am glad to know that the time is hastening when the women will be given the right to vote. In a great many ways their rights and interests have been misrepresented. In the organization of the house the election of a speaker is an important question, because the speaker has the power to appoint the committees of the house. In a great measure many important measures are threshed out in the lower house, of which I am a member. This question must not be smothered in committee but must be voted up or down, a fair vote is what the people want. When the speaker is elected he appoints the various committees of which there are sixty or more in number, the two great ones being the appropriation committee and the judiciary committee. Every bill when introduced into the legislature must be referred to a committee. It depends upon the favorableness with which a bill is received as to whether it will ever see the light of day. It is more important to have members pledged to favor a bill in the committee, than to have their good wishes of it when it comes before the house to receive a vote. Every bill is subject to three readings. In the first reading nothing is done in the way of amendments. It would be physically impossible for the 1000 bills before the legislature to have special supervision. Some of them would take two or three days to consider. The second reading is a critical time, for it is here that it is subject to amendment. Here is where the "foreflusher" gets in his work and the "joker" is neatly packed away in the bill to kill it, on the third reading. This is where the usefulness of many a bill is lost sight of. Next the bill goes to the enrolling and engrossing committee which is a very important place for a mistake here means a great deal. On the third reading there is very little left to do except to vote. So much is said in regard to speech making on the floor. The truth is that their influence is very small. The real work comes in the committee meeting, getting your man lined up so as to get the bill favorable presented. It often happens that if a man is not favorable to the bill, in the third reading and does not want to register his name as for or against it, that he finds some very important engagement which calls him out of the city. You members of the graduating class are looking for success in life and expecting the world to hold out both arms to receive you. We are apt to think that the man of brains in college is the one who will make the great success of life. But brains are not always essential. Why a man can buy books, get a bright secretary and in fact almost buy brains. But there is one thing you cannot purchase and that is character. This should be what the student should strive for. Some of the brightest men I have ever known have been the worse criminals and our jails and penitentiaries are filled with men of exceptional ability. They had plenty of brains, but they were directed the wrong way. We are always apt to minimize our own profession and

look upon that of our brother as being a better one. Did you ever see a boy whose father was a doctor, who wanted his son to follow in his footsteps. Nor does the professor want his son to be a teacher. We always think the other fellow is more fortunate. It is not money that is the highest ideal. The millionaire is unpopular to day. What you graduates want to learn is to make the most out of your opportunities, don't keep your talents "tied up in a napkin." Learn also to be interested in something outside of your regular work, something outside of the regular course of life. Get interested in the uplift of your own town, in some great truth, such as prompted Abraham Lincoln, this and only this will enable you in the sunset of life to look back over the years with a feeling of just pride at the influence you have cast and will leave behind.

Valedictory Address.
After a second selection by the orchestra Miss Mary Claus, gave the valedictory address, after giving a splendid essay on "Julia Ward Howe". Her valedictory address follows, being interpreted by Miss Wood.

The day of our active school life here, the day for which we have so earnestly longed and labored has come. But it is not all full of joy—rather, a note of sadness is in our hearts. The ties of friendship, formed during the many years of association, are not easily broken nor do we wish them broken. Separation is inevitable and before we go our various ways, we wish, as well as we may, to express our gratitude for what we have received.

To the members of the board of administration, we extend our sincere thanks for the many provisions which have rendered it possible for us to reach this day. While we do not know all of the members, nor do they know us, we see, daily their wise guiding. Through the board, do we wish to thank the people of Illinois, who so generously support this institution.

Dear superintendent, principal and teachers. Through these years you have daily been our guides and counsellors. Your have done the arduous detail work whose value cannot be estimated and your kind helpful, ennobling influence will continue with us through life.

Not only our present academic teachers do we wish to thank, but those who long ago started us on our way—the primary and intermediate teachers, those in the art and industrial departments as well—we thank you every one.

It is especially hard to part from our class officer, for it is she who has come closest to us. Your wise counsel and inspiration have brought us through times of discouragement and will make us better men and women.

Pleasant indeed have been the associations with our schoolmates and long will these sweet memories continue. But the strongest and tenderest memories are those among us as classmates. Daily have we for years tolled together up the hill and now after many failures and some successes we have reached our last day together as a class. As we leave, let us heed well the wise counsels received. Let us especially when temptations or oppositions or discouragements assail us, bear in mind the sentiment of our motto, let us show that brave persevering spirit of the Apostle Paul and other noble characters in history who never gave up, but fought to the last for the highest in life. So to you all—superintendent, principal, teachers, classmates, we say farewell.

The class next gave a splendid recitation on "In 1913." This poem appeared in "The Commoner", written by Hon. William J. Bryan. It reads as follows:

I want to see some things take place
Ere 1913 rolls away;
Some things I know will help the race,
Ere 1913 rolls away.
I want the kibosh put to greed;
A full supply for every need;
An end to war of creed on creed,
Ere 1913 rolls away.

I want to see a world-wide peace
Ere 1913 rolls away.
And hatred, too, I hope will cease
Ere 1913 rolls away.
I want men judged by honest worth;
I want a newer, fuller birth
Of peace and good will o'er the earth,
Ere 1913 rolls away.

I want to see toil recompensed
Ere 1913 rolls away.
And hatred, too, I hope will cease
Ere 1913 rolls away.
I want men judged by honest worth;
I want a newer, fuller birth
Of peace and good will o'er the earth,
Ere 1913 rolls away.

These, some few things, I'd like to see
Ere 1913 rolls away.
If so, this world would better be,
Ere 1913 rolls away.
Here's hoping, then, that you and I
Will buckle down and gladly try
To help the glorious time draw nigh
Ere 1913 rolls away.

The class was presented to Superintendent Gillett by Miss S. C. Wood, class officer, and he gave the diplomas. After the benediction by Rev. Mr. Post an informal reception was held in the parlors of the institution for the graduates. After the reception the visitors and friends inspected the different industrial departments of the school and were especially impressed with the wonderful and exacting work which is done by the school.

The members of the graduating class and their essays follows:
"Guiseppe Garibaldi"—John First Cordano, Joliet.
"The Panama Canal"—David Owen Stutsman, Girard.
"Julia Ward Howe"—Mary Elizabeth Claus, Ottawa.
"David Livingstone"—Hazel Elsie Darling, Astoria.
"Life of William Shakespeare"—Gladys Mabelle Perry, Lindenwood.
"Rosa Bonheur"—Josephine Ronk, Canton.

AMERICAN ENGINEERS TO TOUR GERMANY.

New York, June 10.—To foster a broader commercial spirit between America and Germany, a large party of the most prominent mechanical engineers of the United States, members of the American Society of Mechanical Engineers, sailed for Europe today on the Hamburg and the annual meeting of the Society of German Engineers in Leipzig. At the conclusion of the meeting in Leipzig the Americans will start on a tour of industrial Germany, visiting Dresden, Berlin, Cologne, Frankfurt, Munich and other large cities.

Those visiting at Harry Gilmore's Sunday were Rev. Newton Antrobus and wife.

Misses Hazel Bridges, Amy Jones, Nona Cooley and Ada Carter spent Sunday with Mrs. Hona Hawkins.

Urvy Goucher and wife and Ed Walker and family spent Sunday with Henry Cain and family.

At East Union church there will be a Sunday school convention the fifth Sunday in June. Everybody invited.

There were 90 people who attended Sunday school at East Union Sunday.

Miss Cecil Day spent Sunday with Miss Margaret Simmons.

Rev. Newton Antrobus and wife called on James Davis Sunday evening and found him slowly improving.

Shoots Limer to Right for Two
Bases, Advancing Kelley, Who
Scores Winning Run on Byrne's
Single.

Pittsburgh, June 10.—After his players had failed to do anything with the delivery of Bill Wagner, the Brooklyn recruit pitcher from New Orleans, Manager Fred Clarke for the third time since 1911 went to bat as a pinch hitter. Unlike the two previous attempts, when he fouled out, Clarke shot a liner to right field for two bases, sending Kelly, running for Simon to third. Byrne's single then scored Kelly with the winning run in the ninth inning. Score:

**IOWA GRAND LODGE
OF MASONS.**

Council Bluffs, Iowa, June 10.—The annual session of Iowa Grand Lodge of Masons opened here this morning with more than one thousand delegates and members in attendance and everything seems to indicate that the three days' gathering will be the most successful and enjoyable held in this state for many years. The local Masons and the citizens in general have arranged an elaborate program for the entertainment of the visitors and the Council Bluffs Rowing association has thrown open its grounds and its clubhouse at Lake Manawa to the visiting Masons.

COMMISSIONERS FAVOR THE MAUVAISTERRE CREEK DISTRICT

Estimate That Improvement Will Cost \$24,000 and That Plan to Construct It Is Entirely Feasible.

The commissioners of the proposed Mauvaisterre Creek drainage district have filed a report in the county court approving the plan to construct the district. They regard the plan as entirely feasible and estimate the cost of the improvement at \$24,000 and state that cost of maintenance would be exceedingly small. The commissioners are J. L. Moss, H. E. Ogle and F. J. Blackburn. Their report is as follows:

The undersigned commissioners heretofore appointed by the court that we have examined the land of the petitioners proposed to be drained or protected and the lands over which and upon which the work is proposed to be constructed, as set forth in the petition heretofore filed herein, and have determined as follows:

First. That the starting point, route and terminus of the proposed work and the proposed location thereof, is or are in all respects proper and feasible.

Second. The probable cost of the work mentioned in the said petition including all incidental expenses and the costs of the proceedings therefor we estimate at twenty four thousand dollars.

Third. The probable annual cost of keeping the same in repair after the work is completed in our judgment will be very slight, not amounting to more than fifteen dollars per annum.

Fourth. No lands will be injured by the proposed work except the land taken for the right of way.

Fifth. All the lands described will be benefited by the construction of the proposed work and we would report that the aggregate amount of benefits will exceed the cost of construction, including all incidental expenses, costs of proceedings and damages.

Sixth. In our judgment the proposed district as set out in said petition will not embrace all the lands that will be benefited by the work proposed. That we are having a list made of such additional lands as will be benefited and the same to the court when same is completed.

Respectfully submitted, this seventh day of June, A. D. 1913.

TELLS OF THE EARLY

LIFE OF DR. HARKER.

To The Springfield Evening News:

In your issue of May 30, your Jacksonville correspondent refers to the celebration of Dr. J. R. Harker's presidency of the Illinois Woman's college, and speaking of the career of Dr. Harker, says he was a miner until he was 30 years old and barely able to read and write his name.

Your correspondent evidently wishes to create a wrong impression regarding a public man, well known in this part of Illinois as an able educator, and that in a maladroit manner. I have known Dr. Harker since he was 14 years old and at that time when I first became acquainted with him he was considerably in advance of the boys of his age. He was a remarkable good penman, and as a proof of this, was engaged to help in his spare time to work in the company's offices to help out with the pay bills. He had before that worked in a telegraph station and was well acquainted with elementary grammar and composition.

Until he was 18 or 19 years old, I saw J. R. Harker every day. He acted as secretary of the Sunday school, was a student of English history and literature and a very apt one, indeed. I do not remember coming across a youth with more mental poise and ability to grasp ideas. I know personally at that time that he had no leisure and carried his load to work with him.

Since that time until he came to the woman's college, I corresponded with him regularly.

After going into the mining district of southern Illinois, he met a Dr. Hamilton, a Presbyterian superannuated minister, who had traveled extensively, and for about two years studied under his counsel and supervision, with a view to entering the ministry.

He finally decided that he would teach and soon after took out a state certificate and adopted teaching as a profession.

As principal of schools at Waverly, DeSoto, Beardstown, Meredosia and other places, he kept up his studies and worked hard.

I know that during this time he had a strong desire to enter the matriculation examinations at London university and asked me to procure him necessary papers--papers open to any student in any part of the world and carrying with them proportionate scholastic weight.

I know there would be no hindrance to any man, if, after attaining the age of 30 years without being able to read or write, he should be strong enough to reach a position like that of Dr. Harker; but, unfortunately, the thing is impossible. Life is too short for anything of that kind today in the world of intellectual advancement.

Dr. Harker was blessed with a healthy body, a keen, normally developed mind and a will to persist, a strong determination to succeed and master his difficulties thoroughly.

The Illinois Woman's college stands today as a remarkable memorial of his persistent endeavor to reach an ideal.

Truly yours,

A Friend.

SEEKS TO COMPEL MORE DETAILED ACCOUNTING

MR. NEWMAN BRINGS MANDAMUS PROCEEDINGS AGAINST OTHER CITY OFFICIALS.

Alleges That Receipts and Expenditures of City and Council Business Should be Given in More Detail--Asks That Court Compel the Publication of Detailed Report for the Past Year.

Commissioner William Newman, by his attorney, L. O. Vaught, Tuesday filed in the office of Circuit Clerk Pyatt a petition for a writ of mandamus to issue against Mayor Davis, Commissioners Brennan, Engel and Knollenberg. It is set forth as the purpose of proceedings to compel the said officials of the city to publish each month a complete itemized statement of the city's receipts and expenses in pamphlet form, and also a complete summary of proceedings. It is also prayed that the officials shall be commanded to print a complete itemized statement in pamphlet form of the receipts and expenditures for the year ending May 31. The petition is to come to a hearing before Judge Thompson, Monday, June 16. At that time argument on the case will be made and the court will then take action. The department of accounts and finances has published each month since the present council went into office a monthly statement, but Commissioner Newman insists that this report is not ample enough.

The language of the petition is as follows:

The petitioner, William Newman, complaining, shows that at the last city election for city officers in the City of Jacksonville, county and state aforesaid, that he, the said William Newman, together with the said Charles R. Knollenberg, Louis H. Engel, was elected a commissioner for said city, and the said George W. Davis was elected mayor of said city. That at said election Charles W. Brown was elected a commissioner but that afterward the said Charles W. Brown departed this life, and the said J. F. Brennan was duly appointed commissioner in his stead. That said George W. Davis is now serving as mayor as aforesaid, and said Charles R. Knollenberg, Louis H. Engel and J. F. Brennan, together with this complainant, are now serving as commissioners of said city and have been since their election or appointment. That said mayor, together with said commissioners, constitute the council or city council of said City of Jacksonville.

Your petitioner shows that by statute one of the duties of said council is, each month, to print in pamphlet form, a detailed, itemized statement of all receipts and expenses of the said City of Jacksonville, and a summary of its proceedings during the preceding month.

Your petitioner further shows that said council so composed of said defendants as aforesaid, has not performed its duty to so print said detailed itemized statement of all receipts and expenses of said city and said summary of its proceedings and has refused to so print said detailed itemized statement of all receipts and expenses of said city and such a summary, and still continues to so refuse to do so.

Wherefore this petitioner prays a writ of mandamus, directed to the said George W. Davis, Mayor as aforesaid and Charles R. Knollenberg, Louis Engel and J. F. Brennan, commissioners as aforesaid, commanding them to print in pamphlet form, the receipts of said city for the twelve months closing on May 31, A. D. 1913, and the expenses of said city for the said period and that said receipts and said expenses be shown in detail, item by item, that all receipts be shown, the source of the same and that all expenditures be shown to whom made and for what purpose.

Your petitioner further prays a writ of mandamus directed to said mayor and said commissioners, commanding them to publish each month and print in pamphlet form a detailed, itemized statement of all receipts of said city for the month just past, showing said receipts item by item, from whom or from what source and the amount thereof; further showing the expenditures of said city for said month just past, item by item, the amount of each item for what purpose and to whom made or expended. Also that said report shall contain a full and complete summary of the proceedings of said council for the month just passed.

And that such other and further order be made in the premises as justice may require and to the court may seem necessary in order that said mayor and said commissioners may be forced and compelled to perform their duty according to the statute of said state.

William Newman,
L. O. Vaught,
Petitioner's Attorney.

MEDICAL SOCIETY'S

132D ANNIVERSARY

Boston, Mass., June 10.—The celebration of the 132d anniversary of its foundation is one of the leading features of the meeting of the Massachusetts Medical society, which opened here today at the Copley-Plaza hotel, to remain in session for two days. This morning there were clinics at the Massachusetts General Hospital and the Peter Bent Brigham Hospital and separate meetings of the supervisors and of the council. In the afternoon sections meetings were held and the annual meeting will be held tomorrow morning. At noon tomorrow Dr. Homer Gage of Worcester will deliver the annual discourse and in the afternoon a combined meeting of the sections of Medicine and Surgery will be held. The program will close with the annual dinner in the Copley-Plaza ball room.

THE Illinois Steel Bridge Company builds bridges and fabricates steel for structural purposes. It has operated successfully under the able and experienced management of the present officers for a period of twelve years, during which time over 5,000 bridges have been sold to counties, townships and districts. During the first four months of the present year an increase of 40% in orders received is shown over the same period last year.

These notes are secured by a first mortgage on all the assets of the company, both personal and real, now owned or hereafter acquired, comprising real estate, buildings, equipment, raw material, finished product, accounts receivable, bills receivable and cash, representing a total investment of over \$350,000.

The earnings for the past four years, as certified to by certified public accountants, have been \$121,216.14, or an average per annum of \$30,304.03, over six times the interest charge, or sufficient to pay the principal and interest in about three years.

The Title Guaranty Trust Company has examined the title to the real estate and guarantees that the deed of trust securing this issue is a first mortgage on the property without prior liens or encumbrances of any kind.

All legal matters in connection with this issue have been approved by our counsel, Henry W. Allen and Beilatt, Barnes & Beilatt, Jacksonville, Illinois, attorneys for the Company.

Men Welcome Mother's Friend

A Duty that Every Man Owes to Those
who Perpetuate the Race.

It is just as important that men should know of progressive methods in advance of motherhood. The suffering, pain and distress incident to child-bearing can be easily avoided by having at hand a bottle of Mother's Friend.

This is a wonderful, penetrating, external application that relieves all tension upon the muscles and enables them to expand without the painful strain upon the ligaments. Thus there is avoided all those nervous spells; the tendency to nausea or morning sickness is counteracted, and a bright, sunny, happy disposition is preserved that reflects wonderfully upon the character and temperament of the little one soon to open its eyes in bewilderment at the joy of his arrival. You can obtain a bottle of "Mother's Friend" at any drug store at \$1.00, and it will be the best dollar's worth you ever obtained. It preserves the mother's health, enables her to make a quick and complete recovery, and thus with renewed strength she will eagerly devote herself to the care and attention which mean so much to the welfare of the child. Write to the Bradford Regulator Co., 129 Lamar Bldg., Atlanta, Ga., for their valuable and instructive book of guidance for expectant mothers. Get a bottle of Mother's Friend today.

There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for yourself, but will make you helpful to others. And, in the meantime, do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

CHILDREN'S DAY AT PISGAH CHURCH.

The Children's day exercises at Pisgah Presbyterian church Sunday afternoon drew a very large and representative audience. The floral decorations were arranged very effectively with a charming simplicity that was attractive and pleasing. The program's central thought, "Christ the Bread of Life," was kept prominent in every selection given, not a single item disturbing the unity of thought and harmony of action. The various emblems used were effective in design and color scheme and showed excellent skill and rare taste.

Miss Helen Bennett presided at the piano with grace and ability. The presentation of the various parts showed careful training and reflects credit upon Mrs. Ed Tindall and those associated with her in the preparation and execution of the program and also the Sunday school choir and various participants. Every one was pleased and expressed their appreciation freely. An offering for Sunday school missions was taken, that the "Bread of Life" may be given to the children in needy parts of the country.

FINAL SPECIAL TAX NOTICE.

In the matter of the special tax of the city of Jacksonville for the construction of a vitrified pipe sewer on Doolin avenue, Cox street and Dunlap street.

Notice is hereby given to all persons interested, that the Board of Local Improvements of said city has heretofore filed in the county court of Morgan county, Illinois, in said cause, a certificate showing the cost of the work, the amount reserved for interest, and also that the improvement has been constructed in substantial conformity to the requirements of the original ordinance therefor.

The hearing to consider and determine whether or not the facts as stated in said certificate are true, will be held in said court on the 26th day of June, A. D. 1913, at 9 o'clock or as soon thereafter as the business of the court will permit.

All persons desiring may file objections in said court before said day and may appear on the hearing and make their defense.

Board of Local Improvements of the City of Jacksonville, Ill.
By E. M. Henderson,
Secretary.

Dated Jacksonville, Ill., June 9, 1913.

WEDDING ANNIVERSARY.

Mr. and Mrs. Sam M. Challiner were happily reminded that Saturday, June 7, was their first wedding anniversary, when about thirty young people gave them a surprise Saturday evening at their home on Joy Prairie. Games and music afforded entertainment for the evening, and refreshments which were brought by the young folks were enjoyed. As the midnight hour approached all departed, wishing their host and hostess many such happy anniversaries.

TO REDUCE LOSS OF LIFE IN MINES.

Birmingham, Ala., June 10.—Means by which the loss of life in coal mines can be reduced were brought out in the addresses delivered this afternoon at the sessions of the Mine Inspectors' Institute of the United States, which is holding its national meeting here this week. Two hundred mine inspectors are present. Every coal mining camp of importance in the United States is represented.

FACE A SIGHT WITH TETTER

Began With Pimple. Spread All
Over Face. In Agony All the Time.
Itched and Smarted. Used Cuticura
Soap and Ointment. Was Cured.

Motherly Mo.—"My trouble began with a small pimple on the left side of my face and it spread all over my face and to my neck. It would be scarlet red when I got warm. My face was a sight. It looked very unpleasant, and it felt uncomfortable. My face was something awful; it just kept me in agony all the time. Some said it was tetter, and some said it was that awful eczema, but I rather think it was tetter. I had been troubled with it for about two years and tried many remedies but got no relief until I used Cuticura Soap and Cuticura Ointment."

"When I would wash my face with the Cuticura Soap and apply the Cuticura Ointment it would cool my skin and draw great big drops of matter out of the skin. You would think I was sweating; it would run down my face just as though I had washed it. It itched and smarted and I suffered in the day time most from the heat from the stove. I used the Cuticura Soap and Cuticura Ointment for a month and I was cured of it. I will tell everyone I know who has any trouble of the skin." (Signed) Mrs. J. Brookshire, Apr. 15, 1912.

Cuticura Soap and Cuticura Ointment are sold throughout the world. A single set is often sufficient. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

*Tender-faced men should use Cuticura Soap Shaving Stick, 25c. Sample free.

A STRONG REFERENCE.
A young man recently applied for
a position with a large printing
house, and got a letter of refer-
ence, offered his bank book. It
showed a regularity of entries of
deposit. It was a very strong recom-
mendation, indicating character and
perseverance, which finally secured for
him a good position.

THE WORLD'S LATEST FINANCIAL AND MARKET NEWS

STOCKS EXPERIENCE A VIOLENT DECLINE

PARTIAL RECOVERY MADE IN AFTERNOON.

Hill Stocks, Which Were Immediate-
ly Concerned in Outcome of Min-
nesota Suits, Were Heaviest Los-
ers.

(By Associated Press)

New York, June 10.—The stock
market passed through a troubled
day as a result of the rendition by
the supreme court after the close
yesterday of its decision in the Min-
nesota rate case. The decision was
construed as adverse to the railroads
and the market experienced a vio-
lent decline. In the afternoon a
partial recovery was made.

The Hill stocks, which were im-
mediately concerned in the outcome
of the suit, were the heaviest losers
among the prominent shares. North-
ern Pacific and Great Northern pre-
ferred broke about seven points.
Among the other prominent stocks
there were drops of 2 to 5 points
and some of the inactive issues fell
as much as 10 points. Severe losses
of American stocks in London before
the opening here gave a forecast of
what was to be expected and initial
prices in many cases were 1 to 4
points under yesterday's close. Large
blocks of stocks were thrown on
the market. Bear operators attack-
ed the list and their efforts were re-
inforced by hurried liquidation of
long stock.

The market rallied after the
shock of the opening break, prompt
support being given but quickly went
off again. Then came another rally
which was followed during the noon
hour by the severest break of the
day at which bottom prices were
touched all through the list steel
fell to 50¢, within 1/2 of the low price
made at the time of the filing of the
dissolution suit. St. Paul broke be-
low par, touching 98¢. Southern
Pacific fell to 89¢, Union Pacific to
138¢. Reading to 151¢, Great North-
ern preferred to 115¢, Northern Pa-
cific to 101¢.

In many instances the lowest
prices since the panic of 1907 were
reached.

After the noon day break there
was a gradual recovery.

Some stocks entirely recovered
their losses and in other cases there
were rallies of 2 points or more. It
was the largest day's business of the
year with sales, exceeding \$59,000,
shares.

Men Welcome Mother's Friend

A Duty that Every Man Ows to Those
who Perpetuate the Race.

It is just as important that men should know of progressive methods in advance of motherhood. The suffering, pain and distress incident to child-bearing can be easily avoided by having at hand a bottle of Mother's Friend.

This is a wonderful, penetrating, external application that relieves all tension upon the muscles and enables them to expand without the painful strain upon the ligaments. Thus there is avoided all those nervous spells: the tendency to nausea or morning sickness is counteracted, and a bright, sunny, happy disposition is preserved that reflects wonderfully upon the character and temperament of the little one soon to open its eyes in bewilderment at the joy of his arrival. You can obtain a bottle of "Mother's Friend" at any drug store at \$1.00, and it will be the best dollar's worth you ever obtained. It preserves the mother's health, enables her to make a quick and complete recovery, and thus with renewed strength she will eagerly devote herself to the care and attention which mean so much to the welfare of the child. Write to the Bradfield Regulator Co., 129 Lamar Bldg., Atlanta, Ga., for their valuable and instructive book of guidance for expectant mothers. Get a bottle of Mother's Friend today.

There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for herself, but will make you helpful to others. And, in the meantime, do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

CHILDREN'S DAY AT PISGAH CHURCH.

The Children's day exercises at Pisgah Presbyterian church Sunday afternoon drew a very large and representative audience. The floral decorations were arranged very effectively with a charming simplicity that was attractive and pleasing.

The program's central thought, "Christ the Bread of Life," was kept prominent in every selection given, not a single item disturbing the unity of thought and harmony of action. The various emblem used were effective in design and color scheme and showed excellent skill and rare taste.

Miss Helen Bennett presided at the piano with grace and ability. The presentation of the various parts showed careful training and reflects credit upon Mrs. Ed Tindall and those associated with her in the preparation and execution of the program and also the Sunday school choir and various participants. Every one was pleased and expressed their appreciation freely. An offering for that the "Bread of Life" may be given to the children in needy parts of the country.

FINAL SPECIAL TAX NOTICE.

In the matter of the special tax of the city of Jacksonville for the construction of a vitrified pipe sewer on Doolin avenue, Cox street and Dunlap street.

Notice is hereby given to all persons interested, that the Board of Local Improvements of said city has heretofore filed in the county court of Morgan county, Illinois, in said cause, a certificate showing the cost of the work, the amount reserved for interest, and also that the improvement has been constructed in substantial conformity to the requirements of the original ordinance therefor.

The hearing to consider and determine whether or not the facts as stated in said certificate are true, will be held in said court on the 26th day of June, A. D. 1913, at 9 o'clock or as soon thereafter as the business of the court will permit.

All persons desiring may file objections in said court before said day and may appear on the hearing and make their defense.

Board of Local Improvements of the City of Jacksonville, Ill.
By E. M. Henderson,
Secretary.

Dated Jacksonville, Ill., June 9, 1913.

WEDDING ANNIVERSARY.

Mr. and Mrs. Sam M. Challiner were happily reminded that Saturday, June 7, was their first wedding anniversary, when about thirty young people gave them a surprise Saturday evening at their home on Joy Prairie. Games and music afforded entertainment for the evening, and refreshments which were brought by the young folks were enjoyed. As the midnight hour approached all departed, wishing their host and hostesses many such happy anniversaries.

TO REDUCE LOSS OF LIFE IN MINES.

Birmingham, Ala., June 10.—Means by which the loss of life in coal mines can be reduced were brought out in the addresses delivered this afternoon at the sessions of the Mine Inspectors' Institute of the United States, which is holding its national meeting here this week.

Two hundred mine inspectors are present. Every coal mining camp of importance in the United States is represented.

FACE A SIGHT WITH TETTER

Began With Pimple, Spread All
Over Face, In Agony All the Time.
Itched and Smarted. Used Cuticura
Soap and Ointment. Was Cured.

Moberly, Mo.—"My trouble began with a small pimple on the left side of my face and it spread all over my face and to my neck. It would be scarier red when I got warm. It looked very unpleasant, and it felt uncomfortable. My face was something awful; it just kept me in agony all the time. Some said it was tetter, and some said it was that awful eczema, but I rather think it was tetter. I had been troubled with it for about two years and tried many remedies but got no relief until I used Cuticura Soap and Cuticura Ointment."

"When I would wash my face with the Cuticura Soap and apply the Cuticura Ointment it would cool my skin and draw great big drops of matter out of the skin. You would think I was sweating; it would run down my face just as though I had washed it. It itched and smarted and I suffered in the day time most from the heat from the stove. I used the Cuticura Soap and Cuticura Ointment for a month and I was cured of it. I will tell everyone I know who has any trouble of the skin." (Signed) Mrs. J. Brooks, Apr. 15, 1912.

Cuticura Soap and Cuticura Ointment are sold throughout the world. A single set is often sufficient. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Send tender-faced men should use Cuticura Soap Shaving Stick, 25c. Sample free.

A STRONG REFERENCE.
A young man recently applied for
a position with a large printing
house, and not having a letter of
reference, offered his bank book. It
showed a regularity of entries of de-
posit. It was a very strong recom-
mendation, indicating character and
persistence, which finally secured for
him a good position.

STOCKS EXPERIENCE A VIOLENT DECLINE

PARTIAL RECOVERY MADE IN AFTERNOON.

Hill Stocks, Which Were Immediate-
ly Concerned in Outcome of Min-
nesota Suits, Were Heaviest Los-
ers.

(By Associated Press)

New York, June 10.—The stock
market passed through a troubled
day as a result of the rendition by
the supreme court after the close
yesterday of its decision in the Min-
nesota rate case. The decision was
construed as adverse to the railroads
and the market experienced a vio-
lent decline. In the afternoon a
partial recovery was made.

The Hill stocks, which were im-
mediately concerned in the outcome
of the suit, were the heaviest losers
among the prominent shares. North-
ern Pacific and Great Northern pre-
ferred broke about seven points.
Among the other prominent stocks
there were drops of 2 to 5 points
and some of the inactive issues fell
as much as 10 points. Severe losses
on American stocks in London before
the opening here gave a forecast of
what was to be expected and initial
prices in many cases were 1 to 4
points under yesterday's close. Large
blocks of stocks were thrown on
the market. Bear operators attack-
ed the list and their efforts were re-
inforced by hurried liquidation of
long stock.

The market rallied after the
shock of the opening break, prompt
support being given but quickly went
off again. Then came another rally
which was followed during the noon
hour by the severest break of the
day at which bottom prices were
reached all through the list. Steel
fell to 50½, within ¼ of the low price
made at the time of the filing of the
dissolution suit. St. Paul broke be-
low par, touching 98½. Southern
Pacific fell to 89½, Union Pacific to
138½, Reading to 151½, Great North-
ern preferred to 115½, Northern Pa-
cific to 101½.

In many instances the lowest
prices since the panic of 1907 were
reached.

After the noon day break there
was a gradual recovery.
Some stocks entirely recovered
their losses and in other cases there
were rallies of 2 points or more. At
the largest day's business of the
year with sales, exceeding 850,000
shares.

WEAKNESS IN STOCKS AFFECTS WHEAT PRICES

VIOLENT BREAKS IN SECURITIES DISHEATERN BULLS.

(By Associated Press)

Chicago, June 10.—Wheat prices
today took a bearish turn, influenced
chiefly by the extreme weakness in
the stock market. There was a nervous
close at a loss of ¼¢@½¢ to ¾¢
net.

Corn gained a shade to ¼¢@½¢ and
oats declined ¼¢ to ½¢.

In provisions the outcome was the
same as last night to 7½¢ up.
Violent breaks in securities be-
cause of the railroad rate decision
had a disheartening effect on wheat
bulls right at the outset. Large pur-
chases for millers and exporters
here and at Duluth brought about
rallies but not of a lasting kind and
there was no time when

TO KILL THE DANDRUFF GERM.

Is the Only Possible Way of Having An Effective Cure.

If you see a woman or a man with luxuriant glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have this brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff, but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness, can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause, and you remove the effect." Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

Attacks of Indigestion

"I believe Chamberlain's Tablets have saved my life, writes Mrs. Maggie Coll, Golden City, Mo. 'I had pains in my stomach so bad I thought I could not live. My doctor said it was congestion of the stomach. I would go to bed perfectly well and wake up in the night as bad as I could be and live. My doctor said it would do no good to give medicine internally. He had to inject medicine in my arm. Since taking Chamberlain's Tablets I can eat anything I want without hurting me.' This form of indigestion is extremely painful and often dangerous. By taking Chamberlain's Tablets after eating, and especially when you have fullness and weight in the stomach after eating, the disease may be warded off and avoided. Chamberlain's Tablets not only aid digestion, but strengthen and invigorate the stomach."

WELL KNOWN CHICAGOANS VISITORS IN JACKSONVILLE

Special Train of Association of Commerce Members Came Tuesday Morning—Members of Party Were Taken on Auto Trip and Expressed Themselves as Pleased With City.

Representatives of the Chicago Association of Commerce arrived in Jacksonville Tuesday morning at 8:15 o'clock in a special train over the Wabash road. The visitors were met at the station by representatives of the city government and the Chamber of Commerce and were taken in automobiles all about the city. About 8:15 the square was reached and then the delegates left the autos in order to call on their various customers and friends. John P. Mann is chairman of the delegation and Neil P. Satterlee is the press representative.

The party left Chicago late Sunday night June 9th and the entire itinerary covering two weeks is taking them into various Illinois cities. The purpose of the expedition although under the auspices of the trade extension committee of the Association of Commerce is in the main to increase the friendly feeling between Chicago citizens and their fellow citizens down state and to bring them to a better understanding of each others needs. While the stay of the visitors in Jacksonville was not long enough to permit of any very special program in their honor the visitors were extended all courtesies possible and expressed themselves freely as well pleased with their reception. There were some in the party who had never visited Jacksonville before and they were very enthusiastic about the beauty of the city. They exclaimed about the fine residences and especially about our marvelous elms.

Chairman Mann's Statement.
John P. Mann, chairman of the delegation made clear the purpose of the expedition in the following statement:

"The Chicago Association of Commerce has made trips into distant portions of the United States, but the trip now to be made through the state of Illinois is one of much more significance and much greater importance because of the fact that while all previous trips had for their purpose the expansion of trade and business, this trip has for its purpose in addition to the expansion of our trade and commerce, the bringing about of better acquaintance and closer relationship between the citizens of Chicago and their neighbors throughout the state.

"Our delegations heretofore have been made up mainly of men of business, either commercial or financial, but this trip, organized as it is under the auspices of the Trade Extension Committee and the Committee on Down State Relations, has many delegates not actively engaged in business and whose purpose is to strengthen the bonds of friendship between the remote portions of the state and its metropolis.

"This is the first trade extension delegation of the Association of Commerce that has had in its membership an accredited representative of the mayor. John D. Shoop will accompany the delegation in this capacity and as a representative of the educational interests of the city, he being the assistant representative of schools of Chicago.

"To find a delegation of forty men who are willing to take their time away from their business and their families for two weeks on a trip of this kind is no small task; but it demonstrates that the members of such a delegation must consider that the purpose of their visit is one of considerable importance to justify the sacrifice made by each of them as individuals; and those of the delegates who have gone on previous trips feel that they have never undertaken a trip that is of so much interest to the city as a whole as the one on which we are now embarking."

Trip Ends Saturday.
From Jacksonville the train pulled out for Quincy and last evening Keokuk was reached. The remainder of the itinerary includes visits to Macomb, Canton, Peoria, Rock Island, Moline, Davenport, Moline, Galesburg, Keokuk, Streator, Bloomington and Chicago will be reached at 11 p. m. Saturday.

The visitors were not as numerous as expected and there were more autos to take them on a seeing Jacksonville trip than were needed. Among the cars used were those owned by E. E. Ferrell, T. M. Tomlinson, E. E. Crabtree, J. J. Reeve, Harold Gay and W. C. Bradish. The route followed passed by the School for the Deaf, Illinois College, Public Library, Jacksonville State Hospital, out to Nichols Park, the Woman's college, Passavant and Our Savior's hospitals, plant of Illinois Steel Bridge Co., the Capps Mills. The visitors evidently represented some of the best of Chicago citizenship and they certainly were welcomed in Jacksonville.

MARKET LETTERS.

Chicago, June 9.—Oliver S. Green with Walter Bros., Union Stock Yards, Chicago, Ill., reports receipts for Monday, June 9, 1913.

Cattle—21,699.
Hogs—33,000.
Sheep—17,367.

With a medium run of cattle and a strong demand, prices were generally 10c higher than last week's close. Top for heavy cattle, \$8.85. With some 25 car loads handy to light weights, \$8.60 to \$8.88. Fat yearlings were in good demand and showed fully as much strength as any other class. Butcher stock strong, with a small supply. Prime yearling heifers very strong and reached \$8.60. Cutters and canners steady. Bulls firm. Calves generally 50c lower. Stock and feeding steers in light supply and strong to 10c higher. We quote: Choice to prime heavy beefs, \$8.60 to \$8.85. Good to prime yearlings, \$7.75 to \$8.87. Common to fair yearlings, \$7.25 to \$7.50. Good to choice, corn fed, \$8.50 to \$8.80. Medium to short fed, \$8.05 to \$8.30. Plain to medium warmed up, \$7.75 to \$7.80. Common to plain steers, \$7.60 to \$7.85. Inferior to rough steers, \$7.30 to \$7.75. Good to right well bred feeders and stockers, \$7.50 to \$7.80. Plain light to medium \$7.00 to \$7.35. Select stockers and feeders, \$7.75 to \$8.15. Fat cows, \$5.00 to \$8.00. Heifers, \$6.60 to \$8.60. Bulls, \$4.00 to \$7.40. Canners and cutters, \$3.50 to \$4.85. Common heavy calves to good vealers, \$6.00 to \$10.25. Choice to prime, \$10.50 to \$10.75.

The hog market opened slow and 10c lower, but later recovered the early decline and sold at steady prices. Top, \$8.70. Bulk of good hogs, \$8.50 to \$8.65. Sheep unevenly higher. Good ewes, \$5.00 to \$5.25. Western lambs, \$7.25 to \$7.60. Colorado's top at \$7.70. Shorn wethers, \$4.75 to \$5.75. Spring lambs, \$6.00 to \$8.50.

Kansas City Live Stock Market.
Kansas City Stock Yards, June 9.—The opinion among many feeders of stock cattle that lower prices will prevail, as is usually the case at this season of the year, does not seem to materialize. A mild winter, with an abundance of feed made active country trading. The limited number of thin cattle met a ready sale at firmly established values. Shipments to country points last week amounted to 5,563 cattle. The stocker and feeder trade continued featureless here last week. The supplies were moderate to light and included a few really attractive offerings. The feeling generally was steady to strong for the desirable offerings and the common kinds remained unchanged. The best stockers sold up to \$8.05, and feeders up to \$7.60. Stock cows and heifers ruled active at all times and prices were well maintained, showing slight advances in some cases. Receipts here today are 8,000 head and the market is steady on all kinds. Heavy beef steers range from \$7.75 to \$8.25, yearlings \$5.75 to \$8.00, native cows \$5.75 to \$7.00, heifers \$7.00 to \$8.60, veal calves \$9.00 to \$10.50.

Grand Opera House

H. L. HUNT, Manager.

Jacksonville has a chance to see a really great program tonight and at a remarkably low price. At great expense the management has secured the Romany Opera company including nine stars. They will give gems of the many popular operas tonight and at the various other performances of the week. The company includes Adeline Dossena, prima donna; Estelle Bevan, soprano; Lucille del Fiume and Charlotte Anderson, mezzo sopranos; M. Rissmini, tenor; A. Marriotti, tenor; E. Porcini, baritone; Alexander Bevan, bass; L. E. Rosebrook, director.

The picture program will begin at 7 o'clock and the Romany program at 8 o'clock.

Because Manager Hunt, before he knew of the coming of this company had entered into an arrangement to have the D. O. K. K. team appear tonight in a drill program, the price tonight will be ten cents to all parts of the house. Five hundred tickets have already been sold by the D. O. K. K. members.

Tonight the first performance will close at 8:50 sharp and during the following ten minutes every person in the audience is expected to vacate so that the whole house may be available for the second performance, beginning at 9 o'clock.

Today's Picture Program

Matinee Today—Pictures begin at 2 o'clock followed by Romany Opera Co. Admission, 5 and 10 cents. The Romany program for the matinee will be: Carmen (Toreador); Carcioffola (Folk Song); Lolita, Drinking, Martha, Ciri-biri-bi.

First night show—Carmen, Carcioffola, Amarella, Drinking; Quartet (Rigoletto); Ciri-biri-bi.

Second night show—Carcioffola, Figaro, Lolita, Drinking; sextette (Lucia); Ciri-biri-bi.

OF PHI ALPHA

ILLINOIS COLLEGE SOCIETY
HOLDS REUNION.

Many Former and Present Members of Organization Gather Round Festival Board in Gymnasium—George W. Govert in Role of Toastmaster—Telegram Sent Hon. Wm. Jayne.

An important event in the commencement week of Illinois college was the Phi Alpha Triennial reunion which took place Tuesday night in the college gymnasium. The gathering was characterized by the large number of former members who returned to mingle once more among the scenes of other days. At 6:30 the members gathered at Beecher hall, where all took a look at the society room, met each other and had a joyful social hour. Adjournment was taken to the college gymnasium, where an elegant banquet was served under the capable management of Vickery & Merrigan. It was the earnest endeavor of the committee in charge to have the only living founder of the society present, Dr. William Jayne of Springfield. The infirmities of old age made it impossible for him to attend. His message to the society, however was one of true loyalty and devotion to its every interest. The triennial committee was composed of E. L. Berry, chairman; Ralph Dunlap, finance; B. F. Lane, invitations; R. H. Brazeal, banquet; Hume Whitacre, reception.

Before the banquet adjourned a telegram was sent to Hon. William Jayne as follows: "Phi Alpha in reunion sends you heartfelt good wishes and the affectionate regard of a hundred Phis who have missed your presence and treasure the memory of your sixty eight years in the society."

After the excellent menu had been served, George H. Govert of Quincy was introduced as toastmaster. He filled the office in a most happy manner and introduced the various speakers amidst the applause of the large number present. The gathering was characterized by a genuine Phi Alpha spirit and the triennial was one of the best ever held in the history of the organization. Only a brief account is given as follows of each speaker:

President C. H. Rammelkamp. President Rammelkamp spoke on "What is the Standard College." I bring you greetings from the college. Its a great pleasure to see so large a number of alumni returning to this reunion from all parts of the United States. There is a great deal of apprehension about what constitutes the standard college. A standard college must have four characteristics: must have adequate equipment, adequate endowment and plant, its difficult to define adequate in this respect. An institution should have enough building to provide room for handling the work. An adequate endowment should be \$200,000, a sum sufficient to get school on a good running basis. A college should also have adequate students, those who have graduated from high schools of four years. A standard college should also have a standard college must give four years of advanced college work. The standard college should also have a high moral tone, which is also axiomatic. Illinois college can meet these demands successfully. The college has not grown to high standard which it can obtain. The college needs double the endowment. It needs a larger faculty.

E. Bentley Hamilton. The next speaker, E. Bentley Hamilton, whose subject was, "Spirit of Old Phi Alpha." He said in part: "I have always noticed that Illinois college has a successful commencement the time of Phi Alpha triennial. After a few remarks of a humorous kind to life in Illinois college, the speaker took up the men whom Phi Alpha had given to the civil war. He said that one hundred and seven men from the society had given their services to the country. In language strong and pathetic he told of the work of these heroes. As loyal sons of old Phi he said let us establish a permanent memory to these honored men of our society. You may hang your college diplomas anywhere, but the spirit of old Phi Alpha is present in every place. Tonight I am glad the old spirit of Phi Alpha stands throughout the years and we can drink deep from its fountains of truth."

BELIEVES PFANSCMIDT INNOCENT.

George W. Govert of Quincy toastmaster at the Phi Alpha banquet last night, is one of the attorneys who made such a strenuous fight to save young Pfanschmidt, charged with the murder of his father and other members of his family. Mr. Govert is now working on the briefs to be filed before the supreme court in this case. He fully believes in the innocence of his client and as the young man is entirely out of funds, his attorneys have no motive other than a desire to see justice done. The case has involved a tremendous amount of hard work on the part of the attorneys and Mr. Govert and his associates have been strongly commended for the able manner in which they have conducted a difficult case.

TO HOLD ALL DAY MEETING. The Ladies' Missionary society of the Union Baptist church will hold an all day meeting Thursday with Mrs. R. S. Wood. The program will be in charge of Mrs. A. A. Curry.

Clayton Barber. Mr. Barber was given the subject, "Phi Alpha in the Legal Profession." He said: "Since I come from the city where Dr. William Jayne resides. I wish to bring a word from our only living organizer. The doctor came to my office this morning. He is now 87 years old, never missed a triennial in fifty-five years. He was one of the founders of the society sixty-eight years ago. He told in uncertain terms of his loyalty to the college and how he would like to be here, but the infirmities of age prevented him. Dr. Jayne is still able to get about. His life has been an illustrious one both in politics, history and in letters. Phi Alpha, lovers of truth, are the right kind of men to succeed in the legal profession. If a lawyer is seeking after truth and gets the salient facts he will make a success. Another phase, it has long been boasted that the legal profession has furnished all the great leaders. It is charged now that lawyers are subject to the temptations of money. How great it would be if all lawyers had been members of Phi Alpha society, lovers of great truth."

E. D. Martin. The next speaker introduced was Rev. E. D. Martin of class of 1904. He said in part: "There is something good in being back here. Its good to get together and commune with each other. Many things about a ministry life is trying; people will not let you be an individual. They want you to live as some separate being. The ministry ought to be put on a different basis than it is now put on. When a vital interest is necessary in any community the ministry should stand for that thing. It is something that grows out of the great needs of the country. I have never felt in my work that I am more than simply an educator. That is my opinion. I am a poor pastor. In my town there are thousands of students. Our educational system here is to make us complete within ourselves. Phi Alpha and Illinois college should make us reach our highest ideals. We have the most conservative college men in the world. We haven't taken the position we should. We live on good salaries, but the object of our education should be not to appeal to the superficial, but to the greater essentials of life. First function of college should be to destroy provincialisms."

Carl E. Robinson. "What Phi Alpha Means to Us" was the toast responded to by Carl Robinson. This is a subject inexhaustible. While I have been in a law school this year of great wealth and hundreds of students, I have had in my room pictures of men who were associated with me in Phi Alpha society. If there is anything that gets a hold of a man it is the college societies and especially Phi Alpha society. It means the biggest thing we can get in Illinois college outside of the regular course. I would advise all to keep up the fellowship and high spirit of this society. After all Phi Alpha stands for those fundamental principles which build up the highest ideals of life and living."

Dr. Edward Capps. The next speaker introduced was Dr. Edward Capps, who spoke on "Twenty-six Years Out." He said: "I feel a peculiar interest in coming back and finding so many familiar faces here who were in Illinois college when I was a student. Our class has had its successes in the world. These twenty-six years suggest a great many changes. There changes are not for the worse. There are privileges now that I didn't enjoy. We didn't get to study French. The field of study has been widened. We had one advantage with a small faculty. The professors were of high standard, character and influence. The speaker paid a high tribute to the late Prof. Johnston, an instructor of Latin in Illinois college; also Prof. Crampton, Dr. Milligan, Dr. Tanner, president of Illinois college. Phi Alpha society did not contain the best men of the class, it was democratic in type. We didn't select men who were brought up in a certain way, or were of a certain kind. We have a great diversity of characters among our members. Sincerity, searcher for truth, latent gifts of men is what Phi Alpha has ever looked for."

George H. English. "In the spring of 1854, I came to the hill to enter Illinois college," said Col. George H. English, '57, of Kansas City, the oldest man on the program of toasts. "A friend introduced me to President Sturtevant, whom I thought at the time and still think, was one of the greatest and grandest of men. We didn't select men who were brought up in a certain way, or were of a certain kind. We have a great diversity of characters among our members. Sincerity, searcher for truth, latent gifts of men is what Phi Alpha has ever looked for."

Alfred E. Day. Alfred E. Day, '88, spoke of the society at his time of attendance in the eighties and told of some of his acquaintances of the older days. He mentioned, too, John C. Small, John Rice and other schoolmates he knew in the eighties. Mr. Day's subject was "Some Old Phis." Allen Tanner and Thomas W. Smith were called upon for a few remarks. Rev. Mr. Tanner complimented the society for its stand on temperance and Rev. Mr. Smith dwelt on the value of truth and democracy. A few closing remarks were made by the chairman of the committee, E. L. Berry, after which the Phi Alpha song was sung and the gathering dismissed.

MORTUARY

McDaniel.

Golda G. Hetrick was born July 22, 1886 in Brown county, Ill. United in marriage to Clyde Vernon McDaniel June 28, 1905.

To this union was born one son, Clyde Cecil, aged 5 years. Mrs. McDaniel was a devoted member of the First Baptist church at Ashland. Death came suddenly after a brief illness of congestion of the brain Sunday night at 12:30 at her home in Peoria, Ill., June 8, 1913 at the age of 27 years, 9 months, 15 days.

She leaves her parents, Mr. and Mrs. Harmon Hetrick, two brothers and three sisters. One sister dying in early years. Besides a host of more distant relatives who will miss her from their midst, and who will share in sorrow with the bereaved husband and little son in this their saddest hour.

"The Lord giveth, and he hath taken away; Blessed be his name."

"God in his wisdom has recalled. The boon his love has given."

And though the body slumbers here,

The soul is safe in heaven."

The remains will be brought to Prentice, Wednesday morning, where funeral services will be held Wednesday afternoon at 2 o'clock, conducted by Rev. Per Johnson, pastor of the First Baptist church at Ashland, after which interment will be in Yatesville cemetery.

Lambert.

Word has been received of the death of J. Y. Lambert at his home in Mount Carroll, Ill., Monday morning, after an illness of many months. He was well known in this city, having for some time been one of the firm of Kent & Lambert in the printing business. His suffering the last month was intense and death came as a welcome relief. Mr. Lambert was a conscientious, God-fearing man and always took a fearless stand for whatever he thought was right. Two of the sons, Albert of Harvey, Ill., and Harry, of Canada, are well known here, where for many years they were in the printing business on East Court street. Their friends will sympathize with them in their loss.

Neat.

The funeral of William Neat, who died Sunday in Winchester, will be held this morning at his home there. The services will be in charge of Rev. Mr. Rogers and Rev. Mr. Coats and the L. O. O. F. will have a part in the services.

Mr. Neat was born Aug. 17, 1846, and had spent a large part of his life in Scott county. He engaged actively in the banking business until about one year ago, when ill health compelled him to retire.

Kanatsey.

The funeral of Henry Kanatsey of Winchester was held at his home there Tuesday, the services being in charge of Rev. Mr. Reynolds. He is survived by his wife and one daughter.

HOLDUP BOYS SENTENCED TO PONTIAC REFORMATORY

Kelly, Hale and Decker Indicted by Special Grand Jury—Plead Guilty to Charges of Burglary and Larceny.

A special grand jury summoned Tuesday upon the order of Judge Thompson, organized and after hearing the testimony of Chief of Police Davis returned indictments against Howard Kelly, William Hale and Lloyd Decker on charges of burglary and larceny. They were sentenced to Pontiac reformatory and were taken there this morning on an early morning train by Deputies Andrews and Todd.

The defendants were charged with holding up Misses Emma Doying and Harriet Andre a few weeks since and with robbing the Burlington agent at Concord. Each had made a written confession and the documents were read before the grand jury. Kelly is eighteen years of age. Hale nineteen years and Decker seventeen. Each appeared before Judge Thompson and entered a plea of guilty. They will go to Pontiac to serve sentences until discharged according to law. Clarence Yost who was arrested as an accomplice of the other boys and who first told the story which resulted in their apprehension is still in jail.

The special grand jury consisted of the following:

George Eads, R. H. Hocking, William Graubner, Henry S. Rayburn, Walter Wright, J. B. Lombard, William Lorton, Keith Montgomery, W. H. Dalton, William Deutch, Jay Rodgers, C. H. Hackett, O. L. Domke, Gus Opperman, John Burkery, B. F. Skinner, F. A. Mosely, Edward Turner, Charles C. Seymour, J. W. Priest, J. M. Walsh, J. E. DeFreitas and Daniel Bahan.

Deputy Sheriff Eugene Kettering was sworn in as bailiff of the grand jury.
